

### Knowing & Growing Our Students

Dear Business Owner,

Sherrills Ford Elementary School has been a part of this community since 1922. In this time, we have served countless amounts of students. But, we wouldn't have been able to support these students and their education without sponsors like you. We would be honored if you would consider partnering with our school to enhance and update both the interior and exterior spaces this year through our 2022 Make It Happen Campaign.

We are celebrating a huge milestone this year, the 100th year that Sherrills Ford Elementary (formerly High School) has served the students in this community. We have big goals for this centennial year, so we have set our goal to raise \$80,000 during this fundraiser. Listed below is the breakdown of funds we are hoping to raise.

- \$10,000 Apply window safety film on all lower windows & doors in the school
- \$58,000 Begin replace all desks/chairs in all K-6 classrooms
- \$2,000 6th Grade Hovercraft Project
- \$10,000 Outdoor Improvements - painting basketball courts & track as well as installing new soccer goals

This year, we will be raising funds to add additional safety window film on all low windows in the school, upgrade all desks/tables and chairs in all K-6 classrooms and continue to upgrade our outdoor space by painting our newly resurfaced basketball courts and track and installing new soccer goals. In light of the recent events at schools across the county, we want our school to be as safe as possible for our students and staff. By adding additional window safety film to all lower windows and doors, this will provide less visibility inside our classrooms, hallways and learning spaces.. To make sure our students have an adequate learning environment, replacing the 20+ year old desks/chairs is vital. With new classroom furniture, we feel that both teachers and students will bring excitement and engagement to their learning activities. The outdoor improvements will continue to enhance our recently repaved basketball courts and track. These spaces are used by both the student body and the local community. Getting students outdoors and active is another very important part of their educational day.

With each contribution, the name of your business will be displayed on our social media pages and website, with options to increase the amount of advertising within our school community. Our Sherrills Ford Elementary PTO Website [www.sherrillsfordpto.org](http://www.sherrillsfordpto.org) and Facebook Page [www.facebook.com/sherrillsfordpto](https://www.facebook.com/sherrillsfordpto) are very active. Our Facebook page has over 1400 followers, that metrics show are very engaged with the daily happenings at our school. We have also recently set up an Instagram account to allow us to reach even more parents and members of our community! It is our goal to work with local businesses like yours to help grow our community and support our children at Sherrills Ford Elementary School.
